Items explaining the Estimates of Receipts and expenditure in the Budget of the Hoonsoor Municipality for 1873.74

Estimate of receipts. 1 The estimate entered against the item articles of food or drink for men or anima and animals for slaughter is the average duty realized in the current and previous years.-

2 Only a small sum is entered against the item Building materials as the receipts during the last year were exceptionally large owing to Mr. Simpson having imported a large quantity of materials for the construction of his workshop. —

3. The receipts from the duty on Fuel and washing have been approximately as

4. A portion of the tax on houses for 1872/3 is still outstanding hence a large amount of receipts is shewn for the year 1873.74.

5. Against "Fines" a small amount is shewn, - as offences against Municipal Bye Laws are decreasing.

6. The estimate against the item "Fines Cattle Trespass" does not call for any special remark.

Estimate of expenditure. 1. An increase of one rupee to the pay of the Mangar whose work is becoming

ary is entered in the estimate against Item No. I "Collection".—

Against the head Supervision Rs 96 are shewn which includes the pay of the District and Divisional municipal Clerks, as well as the contingent charges of the municipal Department of the District Office.

The cost of constructing a new market estimated at Rs 2,000 but for want of sufficient funds only Rs 1,000 are shewn the estimate against "original works". The balance will be provided for in the next years Budget.—

Ad droog Dis
Deputy Commissioner's Office
31st May 1873.

To

The Commissioner of the
Nagur Division.

Sir,

I have the honor to acknowledge the receipt of your Circular No. 63 of 14th Instant, with Enclosures being the Budget Statements of the Municipalities in this District, and to submit the following explanations on the several points alluded to in the proceedings of the Chief Commis

2 The first point observed on, in the proceedings is the increase under the head octroi, over the actuals of the past year in the town of Dar-anageri. Neither of the causes alluded to in the Chief Commissioners proceedings gave rise to the increase referred to, which arose from the right to collect the octroi tax being put up to public auction for the year (1872-73) instead of its being collected as formerly by the Municipality.

3. For the year 1872-73 the amount fetched at public auction

was

was Rupees 1487 and for 1873
amount bid was Rupees 1135. The increase
obtained when putting the Octroi collection
up to public auction over what it fetched
when collected departmentally is easily
accounted for as well in Davinagere
as in many other towns, viz that the
Contractor takes care to see that his
money is not thrown away, and therefore
keeps up a proper Establishment for
the collection of the tax, so that there
is very little evasion of it.

4 When the tax was collected by
the municipality, only two Kolkars were
employed on Rupees 4 each per month
and the amount collected was of course
very small viz Rupees 248.

5 In the 3rd para of the
proceedings under reply, an allusion
is made, on the increased entry of
Municipal House Tax, which I beg to
point out has no reference to this
District as I find that the amount
estimated is consistant with the actuals
of the past years being, in fact
rather less

6 With reference to the 4th para

of

of the proceedings regarding the increase under the several heads of charges, I beg to refer you to the proceedings of the Chitaldroog Municipal Committee, and the reports and abstract translations of the Davanagire and Harihara Municipal Committees, all of which were sent to you, with the Budget Statements wherein full explanation has been given in support of the several charges made in the Budget with the reason for the increase over the estimated amounts of 1872 73.

7. The probable amount of rec for the year 1873-74 has been entered as a mere estimate having in consi the actuals of the past year, and the actuals of the first six months of the current and previous year. The amount of Rupees 200, with Rupees 20 Reserve, provided in the Budget of the Harihara town for the construction of Latrines, has been struck of, as it was since understood that Scavengers are not available in that Town.

8. The Expenditures are in no instance

allowed

the fact of the amount actually available is always obtained from the Treasury Officer, before credit order applications are submitted from my office

I beg in conclusion to resubmit the Budget Statements with details prepared in the new form, and request the favor of your obtaining the early sanction of the Chief Commissioner for the same

I have the honor to be,

Sir,

Your Most Obedient servant

Asst. Deputy Commissioner

Chittledroog District.
